*\*Disclaimer: This statement of gain/loss is issued at your request as additional information and should not be considered as the basis for determining your tax liability. For the purpose of determining capital gains, the first in first out ('FIFO') principle of appropriating withdrawals against subscriptions is followed. This statement is generated based on latest available Cost Inflation Index ('CII') issued by the Central Board of Direct Tax ('the CBDT') on the date of preparation of the statement. CII declaration generally happen after 3/4 months, from the start of the Financial Year. Where applicable, Tax has been deducted based on the available CII on the date of redemption / switch-outs transaction and could be at variance from the applicable CII for the financial year. The Indexed cost is rounded off to 2-4 decimals. Pursuant to the Amendments made by the Finance Act 2018, the units disclosed under Section C – ‘Grandfathered Investments as on 31st Jan 2018’ relates to the number of units that were considered for the redemption (withdrawal), where the cost value would be the market value shown as of 31st Jan 2018. For equity mergers, the grandfathered value as on 31st Jan 2018 is considered and disclosed as NAV as on 31/01/2018’, duly adjusted as per units created in target scheme. In respect of scheme mergers within the same Asset Class, the original investment value in the erstwhile scheme (scheme which merged) is considered and is reflected in Section B, as 'Unit Cost' which is adjusted as per units created in target scheme, for ease of verification. Please note that in respect of schemes where segregated portfolio is created, the original investment value of those investments prior to such creation, has been adjusted, basis the segregated percentile, for the purpose of Capital Gain. The statement shows actual STT and Tax deducted from your withdrawals and displays your tax status as on the date of generation of the statement. You are advised to consult your financial/tax advisor to verify the correctness and appropriateness of the contents of this statement. The Mutual Fund, Trustees, Asset Management Company, CAMS and each of their directors, employees or agents will not be liable for either determining your tax liability or any loss or damage arising out of any decisions/actions arising out of the contents of this statement. Please note that CBDT has notified the revisions in CII with base year as 1st April 2001 (changed from 1st April 1981). Accordingly, for investments made prior to 1st April 2001, new CII shall be applied on the fair market value as of 1st April 2001 or cost of acquisition, whichever is higher. In absence of any information of total long-term capital gains earned during the financial year by a unitholder being a non-resident, while deducting taxes at source on the long-term capital gain earned on redemption/transfer of units of equity oriented funds which are chargeable to tax, the exemption available to the extent of INR 1 Lakh on such gains as provided under section 112A of the Income-tax Act, 1961 has not been considered.*

Note : Unit Cost = Purchase Price ( inclusive of stamp duty )
